WHAT IS WISHMAKER?

A fun, unique, and trustworthy online casino, Wishmaker knows what players want and need. Designed and created to offer a thrilling experience in a stylish and responsible manner, our large selection of casino games, great promotions, and VIP rewards make us a winner. We're ready to guide customers on a brand-new adventure that they certainly won't forget.

MAKING WISHES COME TRUE!

Not only does Wishmaker believe in making our players' wishes come true, we have big wishes too. Or should we say, we have big goals. In order to be the biggest social online casino in the world, we've pulled out all of the stops to provide awesome gamification features!

Players will be able to explore different levels while placing bets and wagering on many of fantastic casino games. As points are earned, players will have the ability to level up and grab rewards along the way.

We know that rewards are an important incentive for many players and that's why we've create free spins packages, real-money rewards, and much more to keep players engaged. Bonus items will be up for grabs in many different ways and each reward will be worth the (minimal) effort it takes to earn them.

REVOLUTIONARY LOYALTY AND REWARDS SYSTEM!

While players chase down fun rewards, Wish Coins will be collected along the way. These Wish Coins can be spent on bonuses, special items, and more at the Wish Shop. Much like tokens that can be traded for prizes, Wish Coins are our own unique form of currency.

Not only do we have our unique currency, but we also have our own special side game. Wishing Wells gives players the opportunity to take a chance, toss a coin and potentially claim rewards in return. Wishing Wells will also increase in level and rewards as players continue to play along! There are 7 different prizes to collect from the Wishing Well including Wish Coins, free spins, a jackpot reward, free cash, big free spins, big free cash, and big Wish Coins.

If your customers need more to keep them entertained, we'll keep delivering! Our exclusive Wish Races are a brilliant way to earn prizes. As players spin the reels of great casino games, they'll earn points, but there's only a certain amount of time to do so. Once complete, Wish Races winners will be rewarded with fantastic prizes.

PLAYER RETENTION MATTERS

We understand that your customers are important to you and we feel the same way! Here at Wishmaker, we understand player retention and will work to ensure that customers start off with the best and remain happy for as long as they play with us.
